OBJECTIVE

Motivated individual who is seeking a career in Web Development. A dedicated team member with experience in front-end development, back-end development, web design and photography. A creative mind who loves solving puzzles, learning new programming methods and prides himself with a keen eye for detail. Working knowledge with HTML5 / CSS3 / Javascript / jQuery / Bootstrap / React.js / Git / MySQL / MongoDB / Adobe CC

PROJECTS

CODR / [GITHUB.COM/TREVORFAIRBANK/CODR](https://github.com/TrevorFairbank/CODR) / [CODR-RH.HEROKUAPP.COM](https://codr-rh.herokuapp.com)

Project Manager x Lead Front-End Developer

An education based App for beginner developers. Users fill out a website template they can download and use as their basis in learning more about code and begin coding their own website. I developed the navigation throughout the app, created the resume template, and made sure each individual team member accomplished the tasks given to them.

React, React-dom, Javascript, HTML5, CSS3, Bootstrap, Express, Mongoose, Morgan, MongoDB

WORLD VIEW / [GITHUB.COM/TREVORFAIRBANK/WORLD-VIEW](https://github.com/TrevorFairbank/World-View) / [TREVORFAIRBANK.GITHUB.IO/WORLD-VIEW](https://trevorfairbank.github.io/World-View)

Project Manager x Front-End Developer

A search engine that provides users four news articles and imagery about whatever is searched. The search engine also has a trending feature that keeps track of previous searches within a firebase database. When clicking the trending button the user will see the top five most searched terms. I developed the carousel and helped write code to connect to the news API.

Javascript, HTML5, CSS3, jQuery, Firebase, Bootstrap, News API, PixaBay API

APEX MEMORY GAME / [GITHUB.COM/TREVORFAIRBANK/CLICKY-GAME](https://github.com/TrevorFairbank/Clicky-Game) / [TREVORFAIRBANK.GITHUB.IO/CLICKY-GAME/](https://trevorfairbank.github.io/Clicky-Game/)

Full Stack Developer

This React based app was created in less than three days. The user clicks on an image to earn points. If the image is clicked more than once, game over. The character images are put in random order after every click. This game was the first React application I built and I learned a lot in a short amount of time.

Javascript, Node.js, Bootstrap, React.js, CSS3

EXPERIENCE

VISUAL MEDIA MANAGER

Virgil James, Solana Beach CA

I worked with the design team at Virgil James to create whatever imagery was required to help build their brand name. With a quick turn around, I developed digital images using Adobe Bridge, Lightroom, and Photoshop. [VIRGILJAMES.COM](https://virgiljames.com)

EDITORIAL DESIGN INTERN

San Diego Magazine, San Diego CA

I worked beside the art and marketing team to help create advertisements, edit photos, and compile/organize files. Using InDesign, Illustrator, and Photoshop, I created graphics that were used within San Diego Magazine, San Diego Pets Magazine, Exquisite Weddings, and other editorial publications.

EDUCATION

BOOTCAMP CERTIFICATE / UC SAN DIEGO 2019

A 3-month intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

SAN DIEGO STATE UNIVERSITY / 2011-2016

Bachelor of Arts in Multimedia x Minor in Business Marketing
